

The Woodspear Commitment to Digital Accessibility

An Equal Experience for All

Woodspear is dedicated to providing an equivalent digital experience for our guests, regardless of physical or cognitive ability. To uphold our commitment, we adhere to the Website Content Accessibility Guidelines (WCAG 2.1 to level AA) in the design, testing and development of our global digital experiences. This helps ensure our content is available to all – including those who rely on assistive technology.

Our digital standards, design and development teams collaborate to ensure we follow accessibility best practices.

We're Here for You

If you are having difficulty using this website because of a disability or have an issue to report, we are here to receive your feedback and provide you with access to all of the information and functionality on this website. Please call our toll-free hotline for inquiries related to our business at 1-888-882-1980 or email WSinfo@woodspearproperties.com.
